Florida State Fire Marshal
2D, Hard Enamel, Gold Plating

Soft Enamel

Paint is air dried, creating a dimensional look at a lower level than the metal borders. Comes in more color options.

Hard Enamel

Best quality, the paint is heated at a high temperature to harden, then polished smooth. Very durable.

2-D & 3-D

2-D coins are flat with some relief in the metal typically filled with enamel. 3-D coins have a raised, sculptural quality with high relief and typically no enamel fill.

Custom Shapes, Sizes & Edges

Ask your SymbolArts representative about other ways to customize your coin like adding a unique edge, cut outs or creating your own shape and size.
