# ALTERNATIVE BADGES

## FOR UNITY

Our PVC and metallic DuraFlex badges are designed for a higher level of detail, sharper contrast, and brighter color than traditional embroidery. These badges are made out of a flexible material and is a modern alternative to traditional embroidered uniform patches. Velcro or 3M backing makes them easy to attach and change out for events and awareness campaigns.

Metallic DuraFlex

## PVC/DURAFLEX BADGE FEATURES

Customizeable designs allow for finish and rank changes.

We can match any design, it doesn't have to be a SymbolArts badge.

DuraFlex offers a metallic finish. PVC uses yellows and grays in place of gold and silver.

Cutouts or holes are not available in PVC but are an option with a DuraFlex badge design.

Both durable and lightweight, won't feel heavy on your clothing.

## Velcro Backing

Allows for easy attachment and removal from vests, jackets, or other outerwear.

2D, Gold Antique Plating

### Soft Enamel

Paint is air dried, creating a dimensional look at a lower level than the metal borders. Comes in more color options.

### Hard Enamel

Best quality, the paint is heated at a high temperature to harden, then polished smooth. Very durable.

### 2-D & 3-D

2-D coins are flat with some relief in the metal typically filled with enamel. 3-D coins have a raised, sculptural quality with high relief and typically no enamel fill.

### Custom Shapes, Sizes & Edges

Ask your SymbolArts representative about other ways to customize your coin like adding a unique edge, cut outs or creating your own shape and size.
